Note: I read the few chapters that're out of this series and thought to myself "hey, this would be fun to scanslate while intoxicated and not really giving a crap about quality."

An empty stomach, a glass of wine, and a few hours later, I finished two chapters of this.

The quality in this project... is not laudable. You may notice some slang and the like. Well, that's because sometimes, I just want to have fun.

Heh heh. I guess after My Love Tiger I needed my next ecchi lolicon fix.

And so, enjoy the manhwa "Loveroid"!
